Neighbourhood Partnerships & Community Involvement

Neighbourhood Partnerships are a new way for organisations to work together with local people to improve public services and the quality of life for local residents.

There are two Neighbourhood Partnerships covering the North area: Forth and Inverleith.

Membership includes local Councillors, Community Councils, Voluntary Sector, Lothian & Borders police and NHS Lothian.

Anyone can attend open meetings of the Neighbourhood Partnership and details are advertised locally and on our website below.

For more information on the work of your Neighbourhood Partnership, please check out our website above or contact:

Inverleith Neighbourhood Partnership
