

## **P&C NP – ENVIRONMENT FORUM**

### **Briefing Note to Neighbourhood Partnership – 28 November 2012**

The Forum met on 5 September and 3 October 2012, and considered the three main issues below:

- A campaign against dog-fouling would be launched in October;
- The NEP programme 2012-13 was well underway;
- The next Forum would have the theme of street-cleaning. Plans and drawings would be on display in the new Office throughout the day in the public area to attract comments and interest.

The next meeting will be held on 5 December in the new East Office.
